OSVITA is a second language immersion and cultural program offering accredited courses in Ukrainian 10, 20 and 30. The program is recognized by Alberta Education and other provincial ministries in Canada.

OSVITA offers a unique environment suitable for all learning styles, featuring small class sizes and plenty of individual attention for every student. Through this unique immersion

environment, students are able to complete a year's workload in less than one month. The immersion experience allows students to practice conversational skills learned in the classroom, and gain tremendous benefits from on-site program support staff. Bilingual program monitors and counselors are available to help with homework after classes and on weekends.

Travel opportunities provided by the program allow students to visit different parts of Alberta, participate in various provincial and municipal

festivals/activities, and learn about the Ukrainian experience in Canada, as part of our nation's history. Students also participate in, and learn from, cultural activities that might not otherwise be accessible to them, such as: traditional arts and crafts, bandura lessons, folk singing and dance.

PROGRAM COST:
